TREKKING WITH RACKETS

Itinerary

The adventure begins very early, after picking them up at the hotel we will cross the entire Andes mountain range. The high peaks are not long in coming, we will discover incredible landscapes. Once at the entrance to Aconcagua Park, already equipped with our snowshoes, the trekking begins, walking on the snow is a unique sensation. The Mirador that gives us an unbeatable panoramic view of the famous south wall; and the marine fossils are some of the must-sees. If the day allows, we arrive at the Brad Pitt Bridge. On our return we will visit Puente del Inca, a natural wonder, among other surprises.

Trekking to Aconcagua is an excellent option for people who dream of getting to know the highest mountain in America from up close.

For this and much more you can't miss it!!!
